Audition Requirements

Candidates auditioning for membership in a Denver Young Artists Orchestra Association ensemble must prepare the following:

1. A 1-minute excerpt of a solo piece or etude showing your highest level of development both technically and musically.
2. Orchestral excerpt(s) as defined below.

a. CANDIDATES APPLYING FOR THE CONSERVATORY ORCHESTRA

Prepare the enclosed excerpts from:

- **Humperdinck: *Hansel and Gretel* Prelude 2 measures before reh. M to reh. O**
- **Smetana: *The Moldau*, reh. D to measure 153 (downbeat)**

b. CANDIDATES APPLYING FOR THE YOUNG ARTISTS ORCHESTRA

Prepare the enclosed excerpts from:

- **Beethoven: *Symphony no. 9*, mvt. IV measure 116 to 140**
- **Berlioz: *Symphonie Fantastique*, mvt. IV reh. 52 to reh. 53**

**Note: if you are auditioning for more than one orchestra, please prepare the required excerpts for the higher level orchestra.*

3. Scales: One two-octave scale of your choice (played both tongued and slurred).
4. Possible sight-reading as determined by the audition committee.

The excerpts are meant to challenge your musicianship. Written below are a few suggestions to assist your audition preparation.

1. **Play the music in the right tempo:** If tempos are not indicated in your excerpts, please work with your teacher and listen to reputable orchestra recordings to determine the correct speed. Time after time our judges comment that candidates' tempi are unsteady and often *way too fast!* Judges are not listening to hear how fast you can play; rather, they are listening to see if you can play the piece correctly at an appropriate tempo. Rushing and dragging are things to avoid. Practice with a metronome and record yourself playing these excerpts to ensure accuracy.

2. **Play with dynamic contrast:** Often judges comment that candidates ignore dynamic markings, especially the softer end of the dynamic spectrum. Remember that music is more than rhythms and pitches: first and foremost music is sound. Sell your performance!

3. **Divisi and rests:** All players should learn **top** divisi/notes unless explicitly noted otherwise. Also, unless otherwise marked, long rests (more than two measures) should be played as unmeasured pauses in the audition.
